The Love Song

A Bad Think

I'm not very fancy in the mid of air
I'm not proud to say I am merry here
I've found a girl and I love her so
Groovy, groovy woman and she set me free
Hark awhile and listen to this love song
Give me for sometimes I wanted to
Take her to the woods and show her what to do
She could see the stars if she's looking up
Drink the sweet juice from a loving cup
Show her what it is to make a love song
Hey, have you ever seen the lonely ones
Putting down the lovers for having fun?
The very same thing that would set them free
They should catch an evening with my lover and me
Whoopee
I'm not very fancy in the mid of air
I'm not proud to say I am merry here
I've found a girl and I love her so
Groovy, groovy woman and she set me free
Hark awhile and listen to this love song
Hey, have you ever seen the lonely ones
Putting down the lovers for having fun?
The very same thing that would set them free
They should catch an evening with my baby and me
Whoopee
