

# No Shelter

Mesck

You steal from the hungry... you take from the poor  
You swindle the rich man... and then you steal more  
Greed is your life-blood... and white collar crime  
Your hands don't get dirty... no, you steal with your mind  
But the days of your reign... are all over now  
The fortress you built for yourself, has come crashing down [Chorus:]  
There is no shelter... (no shelter)  
No limos, no yachts, no homes  
There is no shelter... (no shelter)  
Vultures pick at your bones  
Welcome to main street... you forgot your champagne  
All of your off-shore accounts, have gone down the drain  
Your stocks are all worthless, your paper trail burns  
Your riches have turned into rags, the tables have turned  
An eye for an eye... justice is served  
Vengeance is ever so sweet, when you get what you deserve  
No, no, no, no! [Chorus:]  
There is no shelter... (no shelter)  
No limo's, no yachts, no homes  
There is no shelter... (no shelter)  
Vultures pick at your bones  
There is no shelter... (no shelter)  
Only life in your cell  
There is no shelter... (no shelter)  
No, you can't take it with you to hell [Solo] [Chorus:]  
No shelter... (no shelter)  
No limo's, no yachts, no homes  
There is no shelter... (no shelter)  
Vultures pick at your bones  
There is no shelter... (no shelter)  
Only life in your cell  
No shelter... (no shelter)  
No, you can't take it with you to hell
