

It Won't Last (demo)

Lovedrug

Now that I can't feel my heart in my chest
Angels will swoop down and pick up the rest
I close my eyes as the chariot came
Now is the moment to remain free
Across the country Time is a man with a blade in his hand
Waiting for storms from the heavens to land and pass
I know it won't last
This is the plan take your life back in your hands
I know it won't last
