Schizophrenia

Funker Vogt

My life is strange and tonight
I feel the magic in the air
like Dr. Jeckyll and Mr. Hide
I'm living in a real nightmaremy two worlds will collide
I don't know who I am
like Dr. Jeckyll and Mr. Hide
you will see me againyour eyes are open wide
when we meet in the streets
you will see me as Mr. Hide
here I am with my defeatchorus:
you will never understand
the way they think and act
a schizophrenic person
we treat without respect
