Starseed

Exilia

Break the rules and Iâ€™m alone
Intoxicated by your sacred words
And Iâ€™m nothing
She took that step she never knew
No dreams came true and now she is gone

And Iâ€™m nothing, Iâ€™m nothing can do nothing in this tragedy
Where are you
No answer Iâ€™m lost in disaster
I cross myself and tell you
Iâ€™m nothing once again
Iâ€™m nothing once again

She died alone before her time
A starseed lost in this world of mine
Donâ€™t want to talk
Donâ€™t want your love
Itâ€™s my conclusion in this spiral of words

And Iâ€™m nothing, Iâ€™m nothing can do nothing in this tragedy
Where are you
No answer Iâ€™m lost in disaster
I cross myself and tell you
Iâ€™m nothing once again
Iâ€™m nothing once again

Last rites
Candles
I need
An answer

She danced
She walked
She Loved
She left
This world

And Iâ€™m nothing, can do nothing, nothing in this tragedy
