

# Starseed

## Exilia

Break the rules and Iâ€™m alone  
Intoxicated by your sacred words  
And Iâ€™m nothing  
She took that step she never knew  
No dreams came true and now she is gone

And Iâ€™m nothing, Iâ€™m nothing can do nothing in this tragedy  
Where are you  
No answer Iâ€™m lost in disaster  
I cross myself and tell you  
Iâ€™m nothing once again  
Iâ€™m nothing once again

She died alone before her time  
A starseed lost in this world of mine  
Donâ€™t want to talk  
Donâ€™t want your love  
Itâ€™s my conclusion in this spiral of words

And Iâ€™m nothing, Iâ€™m nothing can do nothing in this tragedy  
Where are you  
No answer Iâ€™m lost in disaster  
I cross myself and tell you  
Iâ€™m nothing once again  
Iâ€™m nothing once again

Last rites  
Candles  
I need  
An answer

She danced  
She walked  
She Loved  
She left  
This world

And Iâ€™m nothing, can do nothing, nothing in this tragedy
