

# Coyotes

## Edwards, Don

I'm sippin' coffee at a quarter to two  
I wake and I'm dialin' and my mind's runnin' to you  
No wonder I'm a one woman man  
She keeps my heart in a jar on the nightstand I should tell her that she couldn't be more  
Opposite than a foot in the door  
There's no one else I would rather go out with  
That's hell when I see them standin' there Me and my mouth, we don't mean to be rushin'  
We talk about thee freely 'cos we crushin'  
I wanna shake both sides of the butt, yeah  
Theoretically yes, ain't we lucky And when the coyotes, they sing in the park  
It's when the city lights start fallin' for the sea  
While them roads are windin' down  
And the flying men'll hit the ground  
Every motion is close to the touch  
And the coyotes sing when they call on your lovin' Hello, we're comin' back for more  
You know why we're comin' for you  
You know we should be, we should be together  
'Cause once we rock, we won't wanna stop  
Not today or tomorrow And not today or tomorrow, oh no  
You better lock your doors  
You know why, 'cause we want you  
'Cause we like you a lot I wish the world was a lot like you  
I wish the wind would blow me me through  
Another opportunity to approach you  
Another telepathic rendezvous I wish you well with your weapon of jargon  
You got a double sided lexicon  
I gotta try to keep your attention  
Gotta write usin' less emoticons I gotta figure out the snooze alarm  
I wanna lay in your place till dark  
I wanna play in the park, come on  
Now let me see your other upper echelon And when the coyotes escape to New York  
Then the city life has crumbled to the sea  
And the girls, all fall to the lost and found  
The flying men'll hit the ground  
Every motion is closer to touching the coyotes sing  
When they taste on your lovin' I'm a coyote and I got a taste for your lovin'  
We're comin' back for more  
You know why we're comin' for you  
You know we should be, we should be together Because once we rock, we won't wanna stop

Not today or tomorrow, not today or tomorrow, oh no  
Because once we rock, we won't wanna stop  
Not today or tomorrow We're comin' back for more  
You know why we're comin' for you  
You know we should be, we should be together  
'Cause once we rock, we won't wanna stop  
Not today or tomorrow
