

# One of These Days

## Operation Ivy

These boots were made for walking  
And that's just what they'll do  
But one of these days these boots are gonna walk over you  
walk over you These boots were made for walking  
And that's just what they'll do  
But one of these days these boots are gonna walk over you  
walk over you All right get out the way Walk all over you  
Walk all over you  
Walk all over you  
Pick it up, pick it up, pick it up.  
Walk all over you  
Walk all over you  
Pick it up, pick it up, pick it up.  
Walk all over you  
Walk all over you  
Walk all over you, yeah
