Comfortably Dumb

Naked Aggression

Ignorance is rich man's life Comfortably dumb husband and wife Can't raise a conscience, there's no conscience to be raised Kill the rich now, think of all the lives we'll save If you're a threat they'll put you down Collective action they won't push you around You work for them, they don't work at all Wildcats strike! Watch big bussiness fall KILL THE RICH, KILL THE RICH, BEFORE THEY KILL YOU! Ignorance is a closed mind The best weapon big bussiness can find They'll take from you all they can get But they haven't beaten us yet! If you're a threat they'll put you down Collective action they won't put you around You work for them they don't work at all Wildcats strike! KILL THE RICH, KILL THE RICH, BEFORE THEY KILL YOU!
