

# Comfortably Dumb

## Naked Aggression

Ignorance is rich man's life Comfortably dumb husband and wife Can't raise a  
conscience, there's no conscience to be raised Kill the rich now, think of  
all the lives we'll save If you're a threat they'll put you down Collective  
action they won't push you around You work for them, they don't work at all  
Wildcats strike! Watch big bussiness fall KILL THE RICH, KILL THE RICH,  
BEFORE THEY KILL YOU! Ignorance is a closed mind The best weapon big bussiness  
can find They'll take from you all they can get But they haven't beaten us  
yet! If you're a threat they'll put you down Collective action they won't put  
you around You work for them they don't work at all Wildcats strike! KILL THE  
RICH, KILL THE RICH, BEFORE THEY KILL YOU!
