

# Girls in Black

## Matthew Good

You gotta drive like this  
you gotta pray that you miss  
the girls in black  
Oh - just one kiss  
and the years they go quick  
and all that time she can't look you in the eyes  
so you bury it and the rest of you quits  
and the pills you flip a coma on your lips  
and you keep your feet for one more day  
you keep your feet and they call it brave  
they call it brave  
You know you never look back at girls in black  
You know you never look back at girls in black  
Girls in black You gotta fight it blind  
you gotta say you don't mind  
the target on your back, oh, the target on your back  
Just one hit  
Oh, just one hit  
Oh, just one hit  
You know you never look back at girls in black  
You know you never look back at girls in black  
Girls in black I remember a time like on the sea I'd walk the streets  
Like on the sea I'd walk the streets like tetrazide  
I remember a time
