

# Fool For Love

## Belinda Carlisle

When I look into your eyes I see  
Everything I was meant to be  
If I'm a fool for love  
I don't care, I don't careWhen we're together  
All I know  
There is no place  
I need to go  
If I'm a fool for love  
I don't care, I don't careCHORUS:  
If I'm a fool for love  
If I'm a fool for love  
If I'm a fool for love  
I don't care  
I don't careVisions of moonlight  
In the park  
We kissed and danced away  
In the dark  
If I'm a fool for love  
I don't care, I don't careWas it wrong to show you  
All I feel ?  
No, I think that what  
Does us in is the  
Love we're afraid to reveal...Driving midnight highway one  
Love is the ocean  
You're the oneIf im a fool for love  
I don't care I don't care\*Repeat chorus to fade
