

# Happy Station (Ben Liebrand Remix)

## Fun Fun

Station, happy station  
Very special people you can meet at the station  
Station, happy station (oh, happy station)  
Glad and smiling faces come from different places  
My suitcase and me we'll take a trip  
It's a magic journey, I feel like burning  
Lucky guy, follow me, you'll be alright  
I'm crazy, don't you know  
I'll never let you go  
Would you like to do it?  
Well, it's not, not too late  
Tell me what you like  
It could be so fine.  
Come into my train, I can get you higher  
You're the best, best, honey  
The best, best lover tonight  
Station, happy station?  
Come with me and take the train  
I don't want to stop here, wanna go there  
(Go where?)  
Where I'd like to see one million places  
(What kind of places?)  
Midnight is coming, follow me  
Station, happy station?  
Come with me and take the train...
