

Invisible

Plumb

I'm sick and then I'm well
So full, so empty still
You leave me wanting
Oh tell me where'd you go
Don't be invisible
'Cause I am reaching Save me
Go on break the glass
Take me
I'm never going back
No Oh oh oh oh
Save me
Oh oh oh oh
Save me Here on the other side
Oh there's no place to hide
My heart is racing
Hold me, take me in
Without you I can't live
Gravity's pulling Save me
It's our only chance
Oh take me
There's no going back Oh oh oh oh
Save me
Oh oh oh oh
Save me I cannot see you
But I can feel you
I just wanna be with you
I've nowhere else to go
I've nowhere else to go Oh oh oh oh
Save me
Oh oh oh oh
Save me
