

# We Can Never Go Back - Acoustic

Joy Williams

remember when you loved me  
remember when i let  
remember when it hurt like nothing else  
wanna try that againremember when we fought together  
it was us against the world  
remember how close we came  
wanna try that again... againwe can never go back  
we can only go on and on  
we can never go back  
we can only go on and on and on  
go on and on and on  
remember when it all fell silent  
remember when you raised your voice  
remember what forgiveness feels like  
oooh you wanna try that again  
oh try that again  
we can never go back  
we can only go on and on  
we can never go back  
we can only go on and on and on  
go on and on and on
