Not This Way

Simple Jack

Take a chance take a ride with me
Got to warn you though, this shit aint free
I ll make you earn this, you gotta make me see
That youre worth some of my time baby
You make me wanna run baby wanna run run away
You make me wanna go crazy wanna go go insane
Make me wanna make you come make you scream out my name
While you grab ahold baby scratchin my back while you sayYou make me scream scream, baby you makin me wet
Is this a dream dream. Baby I'll kiss and caress
Oh I can see see, baby that you're the best
After this I cant have nothing lessTake a look watch this shit unfold
It's like a dream team baby, to hard to hold
You better grab tight baby, Im feelin bold
This shit aint packaged to be sold
You make me wanna run baby wanna run run away
You make me wanna go crazy wanna go go insane
Make me wanna make you come make you scream out my name
While you grab ahold baby scratchin my back while you sayYou make me scream scream, baby you makin me wet
Is this a dream dream. Baby I'll kiss and caress
Oh I can see see, baby that you're the best
After this I cant have nothing lessSoloYou make me wanna run baby wanna run run away
You make me wanna go crazy wanna go go insane
Make me wanna make you come make you scream out my name
While you grab ahold baby scratchin my back while you sayYou make me scream scream, baby you makin me wet
Is this a dream dream. Baby I'll kiss and caress
Oh I can see see, baby that you're the best
After this I cant have nothing less
