

# Hell For Eternity

[W.a.s.p.](#)

Where ya gonna run  
Ya never should have come  
But welcome to the ball  
My hands on the trigger  
My guns getting bigger  
I'll introduce you all  
Won't you say  
Hello to my little friend  
Wont you pray  
Get on your knees  
And pray to die  
Oh-you're gonna burn tonight  
Nothing's gonna save ya  
Oh ya better pray - to  
Whatever God you want  
Yah I'm a killer  
Oh I'm a thriller  
I'm Godzilla with a gun  
Hell-Kill'em to Hell for Eternity  
Oh-Tonight  
Hell-Send'em to Hell for Eternity  
Oh-It's alright  
Oh don't you cry  
To your God for mercy  
Oh woah you're gonna die  
Like a shot from my gun  
You're gonna burn, burn, burn  
Yeah you're gonna burn, burn
