

I Love to Love

La Bouche

I love to love, I love to love you
So much I wanna share and do, woh oh oh
I love to love, I love to love you
I wanna find a way to you, I'll tell you a secret I'll make you mine for the rest of our future
I'll make you mine 'cause you know that I need you
I'll give you love and I'll give you satisfaction
This is the way that it is, that it is You know that lovin' has a little tempo
Just like the music, nothing but a stop and go
And if you like I will be around
I'll tell you a secret, oh oh oh I love to love, I love to love you
So much I wanna share and do, woh oh oh
I love to love, I love to love you
I wanna find a way to you i I had a dream tonight I'd dream that I'd be with you
If I had a wish tonight
I'd wish you would love me too
I'll tell you a secret, I'll tell you a secret, I'll tell you a secret Another woman and another night
Another time that you wanna cry
Another day that you're feeling alone
This is the way that it is, that it is Need a loving that it sentimental
Not only sex cause your heart is gentle
And if you like I will be around
I'll tell you a secret, oh oh oh I love to love, I love to love you
So much I wanna share and do, woh oh oh
I love to love, I love to love you
I wanna find a way to you i I had a dream tonight I'd dream that I'd be with you
If I had a wish tonight
I'd wish you would love me too
I'll tell you a secret, I'll tell you a secret, I'll tell you a secret Love to love, that's what I do, love to love, it's me
and you
Love to love my hearts desire girls let me set your soul on fire
If I had one wish tonight I'd kiss and hug and hold you tight
All we need to sail away is peace and love a brand new day So twinkle twinkle little star girl I wonder who you
are
Up above the clouds so high like a diamond in the sky
So too real, with much appeal, you know the deal, it must be real
Love to love, girl take a cue, love to love it me and you If I had dream tonight I'd dream that I'd be with you
If I had a wish tonight I'd wish that you'd love me too
I'll tell you a secret, I'll tell you a secret
