

Talk To Her (Ultramarine B-Side)

Young Galaxy

Capture a songbird and make it sing
Oh, give in to the hopeless state you're in
It won't bring her any closer Call upon a distant force within
Oh, tattoo devotion on your naked skin
It won't bring her any closer Talk to her, tell her you adore her
If love's what you want, act like a lover
Talk to her, tell her you adore her
If love's what you want, act like a lover Kidnap the cynics and run from sin
Oh, hover in the feedback loop you're in
It won't bring her any closer Study every blueprint, make some plans
Stay devout and never take a chance
It won't bring her any closer Talk to her, tell her you adore her
If love's what you want, act like a lover
Talk to her, tell her you adore her
If love's what you want, act like a lover Heartbreak's a cold mountain, but you learn to survive (x4) Talk to her,
tell her you adore her
If love's what you want, act like a lover
Talk to her, tell her you adore her
If love's what you want, act like a lover
