

Warrior

Matisyahu

You're the son of his majesty
Remember how it used to be
In the light of day it's easy to see
Now it's nighttime, yeah
You had to leave Separated from the king
Now the water's gushing and you keep trying to swim against the stream
It seems like you're not moving, the many waters gushing you gasp for air
Almost drowning ears ringing, once upon a time we were singing
One day those trees will stand and clap hands
Stream of thought getting caught in the klipa, this place is just a shell, external Warrior, fighting for your soul
Taken from the world above, and brought down this world below
Warrior, fighting for your soul
Taken from the world above, and brought down to this world below Re-unite them, re-unite them, return the
princess to her king
Said re-unite them, re-united, she's been taken for so long
Re-unite them, re-unite and then she'll be filled with joy
Said, ah, re-unite them, re-united like the days of her youth Descended to this pit
What's that feeling, I can't get rid of it
I'm so sick, I can't seem to shake it
When one retires at night weeping, joy will come in the morning
You made my mountain stand strong Warrior, fighting for your soul
Taken from the world above, and brought down this world below
Warrior, fighting for your soul
Taken from the world above, and brought down to this world below Ancient memory, remember how it used to
be
Close your eyes and breathe in
The scent of freedom
Ringing across the sea
Land of milk and honey
One day, we'll wake up from this dream and we'll stop sleeping
Oh, yo, yo, yo, yo and then we'll see clearly, no, no, no Fighting for your soul
Taken from the world above, and brought down this world below
