Stunna Frames

Kia Shine

[Chorus x4]
Put your stunna frames on, whoa
Put your stunna-put your stunna-put your stunna frames on
Put your stunna shades on, put your stunna shades on
I wear my stunn-glasses at night

Put your stunna frames on, so you can see what I'm saying
I got that ice on my teeth, you can see what I'm saying
I'm saying - kinfolk, they call me Kinfolk Jones
I feel so fly up in my frames, I done came up with a song
I got them D.G., Louis V, Armani and the Gucci jones
Oh forgot the sticker on your lens? Naw, that's a super stone
Kinfolk, kinfolk, you know the Memphis boys crazy
(Why you wearing shades at night?) Respect my fresh and stop hating

[Chorus x2]

Check it, Polo horses on my shirt, Chanel's on my face
Red monkeys on my ass, on my feet Bathing Apes
Bathing Apes? Y'all gonna respect my fresh
I'm a fly Memphis hustler, you shouldn't expect nothing less
See my shirt match my car match my shoes match my lens
Damn kinfolk! You done merked them folks again
Again when it come to clothes man I be killing it
Trill talk, my frame game is ridiculous

[Chorus x2]

Now do the motorcycle (AY!) do the motorcycle (AY!)
Put your stunna shades on and do the motorcycle (AY!)
And if you can't dance (AY!) then do your two step (AY!)
If you can't dance (AY!) then do your two step (AY!)
[x2]

I'm getting money, I'm getting paid
When you see your boy Frost I got them frames on my face
Cause my future so bright I got to wear shades
And my eyes probably red from the kush and the haze

I get buck with my shades on number buck with my shades on

Walk like a pimp and grab my nuts with my shades on
Cartier, Valentino, even B&G's
When it come to stunna shades niggers ain't seeing me

[Chorus x2]

Now do the motorcycle (AY!) do the motorcycle (AY!)
Put your stunna shades on and do the motorcycle (AY!)
And if you can't dance (AY!) then do your two step (AY!)
If you can't dance (AY!) then do your two step (AY!)
[x2]

Now do the Memphis walk (AY!) do the Memphis walk (AY!)
Put your stunna shades on and do the Memphis walk (AY!)
And if you can't dance (AY!) then do your two step (AY!)
If you can't dance (AY!) then do your two step (AY!)
