

# Something About You

Dornik

I can see that sun shine in your life  
There's somethig about you, there's something about you  
Everytime I wake you're the first thing on my mind, girl  
There's somethig about you, ooh and it's something about you  
I just can't see myself over you And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
I'm just hoping you say that I love you too  
And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
And girl I'm hoping one day you'll say I do Everyday I wish that I could get close to you  
That's the plain truth  
There's something about you  
I can't help but get jealous when dudes bark at you, girl  
Somethig about you, ooh and it's something about you  
(I just want to hold you baby  
I just want to hold you)  
I just can't see myself And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
I'm just hoping you say that I love you too  
And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
And girl I'm hoping one day you'll say I do I know you think that I'll let you down  
But I promise girl that I'll always be by your side  
And no escape to give my love a try  
But as time goes by, you'll see that It ain't no lie, no ohh  
(I don't know what you've done to me  
But whateva it is then I've been quakin' it)  
Girl I think about you every single second of the day  
I just can't help myself breath  
(And even though you're far away  
You've been thru my heart, but you always leave)  
It's like you never even went away a day, no And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
I'm just hoping you say that I love you too

And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
And girl I'm hoping one day you'll say I do  
And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
I'm just hoping you say that I love you too  
And girl I'm hoping you hear me now  
Because I meant every single word that I say  
I'm just hoping you feel the way that I do  
And girl I'm hoping one day you'll say I do  
So cant you let me just have you
