Intro

DMX

Ruff Ryders, you know
Here we go again, baby, here we go again, f*** right
Dark Man X, baby, dog for life, for life, for lifeWhen I say D M, y'all say X
D M X, D M X
When I say D M, y'all say X
D M X, D M XWhen I say D M, y'all say X
D M X, D M X
When I say D M, y'all say X
D M X, D M XI don't *** with what you sayin 'cause your rap's weak
I take the back streets of New York and run a track meet
To form life from a rap sheet
See that be the flow that's crushin' 'em on the L
Jumpin' on they f*** s***, bustin' 'em 'til they swellThen tell your mother next time she see her son is never
And I be on yo' d***, if my name was 'No P***', ever
Like 'The Hulk' but they can't fix me
Doom, doom, doom, doom, doom and sly like Bill BixbyThis should be havin' n*** in the emergency
Undergoing surgery, wantin' to murder me
When you go, you know you heard of me
And yo' last thought is what you did wasn't worth ya life
It's what yo' a*** boughtCaught up in some s*** and I had to let you feel this steel
They found his f*** a*** slumped over the steerin' wheel
You still feelin' real? Naw n*** you lookin' tired
Gone on to sleep, baby 'cause yo' s*** is just expiredWhen I say D M, y'all say X
D M X, D M X
When I say D M, y'all say X
D M X, D M X
