Made It Back

The O'Jays

Yeah, yeah, yeah, yeah
I made it back, made it back, yes, I did
Oh, yeah, yeah, yeah, I did, I made it backHere we go another day, another dollar
Life on the road, where the ladies scream and holler
So good to know when the show is over
That you'll be there for me, the only one I needAin't you glad I made it back
Ain't you glad I'm still around
So glad you're still the one
And heaven knows it's good to be home
Oh, I made it back for your loveI hate to go but that's the way I make us a living
When I get home, all my best I will be giving
Oh, but to know all the loving that we share
Though you're deep down in my soul
You were wishin' your body's not thereAin't you glad I made it back
Ain't you glad I'm still around
So glad you're still the one
And heaven knows it's good to be home
I made it back for your loveWhether near, whether far, you're the beat of my heart
You're my wake up call, [?]
Your my spirit when I need, even when I'm defeated
I'll give you the best that I can 'cause you're my biggest fanAin't you glad I made it back
Ain't you glad I'm still around
So glad you're still the one
And heaven knows it's good to be home
I made it back for your loveAin't you glad I made it back
So glad you're still the one
And heaven knows it's good to be home
I made it back for your loveAin't you glad I made it back
Ain't you glad I'm still around
So glad you're still the one
And heaven knows it's good to be home
I made it back for your loveAin't you glad I made it back
Ain't you glad I'm still around
So glad you're still the one
