Go to Hell (Fuck MTV Mix Edit)

[KMFDM](#)

I've been to Congo
I lived in Rome
Spent my lifetime
To waste my brainNow it's the same time running
Out for you and me
That pushes, pulls, and drags me, baby
Back to theeWith all my guts and bollocks
I don't regret fearing and burning
Sometimes I wonder
I can't get enoughYou're cute and stupid
I want it fast
I want to go to hell
I want to fleeTo free my brain
I never do
Something right
Leaving the bodyTaking mind
In total control
Into the night
I saw the lightStitched my wounds
I picked the orchids
In Nicaragua's jungle
I'll miss your gamsSo wet and shiny
You're my Vietnam child
Kiss my scars away
