

Angry Johnny and the Radio

The Gaslight Anthem

Don't think twice
I still believe it John, we lived those nights
Like we were dyin' on the long haul drives
For our Maria, with the ragged sails high
And the radio on And I always have remembered, in case you're wonderin'
84 takes a lifetime but Bobby does it better
I still sing 'em ragged for you and Maria
I don't drive nowhere without the radio on And I'm still here singin', thinkin' 'bout the government
In my old man's shoes, and how you'd understand that
Are you hidin' in a basement mixin' up the medicine?
Every April Fools I say your name I know your name
I still know your name And I always have remembered, in case you're wonderin'
84 takes a lifetime but Bobby does it better
I still sing 'em ragged for you and Maria
I don't drive nowhere without the radio on And on and on and on and on and on And I always have remembered,
in case you're wonderin'
84 takes a lifetime but Bobby does it better
I still sing 'em ragged for you and Maria
I don't drive nowhere without the radio on We always loved the sad, sad songs
