

# Blacklight

## Kingz Kartel

Baby, somehow you seem to glow  
Take me where history unfolds, whoa I have a blacklight  
It makes her radiant  
I love my blacklight  
My girl's fluorescent Summer of love  
One you might have missed  
Peace and love and harmony  
At a flick of my switch I have a blacklight  
It makes her radiant  
I love my blacklight  
My girl's fluorescent Foxy lady  
Come under, get here I have a blacklight  
It makes her radiant  
I love my blacklight  
My girl's fluorescent I love my blacklight, oh  
I love my blacklight, yeah, yeah
