

She

Radial Angel

She is my inspiration
She is my destination
And I want her, to hold my heart in her hands
And she is the one, that holds my life in her heart
Right from the startWhen will I see her again
When will I see herShe is the one who brings life to my heart
But I find myself in doubt
Thinking all this is my fault
But I know that she loves me but I always questioned why
And she thinks that love comes from the stars
But I know she's right but I, I need her
She's mine, all I need is what I needWhen will I see her again
When will I see her
