Peacekeeper

Bear Hands

You won't find any fingerprints
(On the gun X2)
Damn right I'm the one who did it
(I'm the one X2)
And if you're wanting to find a witness, well the whole city is complicet, and they won't for a second miss it
(On the run X3)I want the scholars to see me as i see myself
I want the world to agree not to single me out
I hear the message of peace betrayed by your mouth
I tried to settle the beat but its too late nowSlip by you in the breeze
(Then I'm free X2)
Nobody gonna touch me
(Too clean X2)
And if you find that imma listen,
to the words of my victims,
after all that I did to them, no way, no need, no reasonI want the scholars to see me as i see myself
I want the world to agree not to single me out
I hear the message of peace betrayed by my mouth
I tried to settle the beat but I don't know howSlowly turn on the world of truth
Not to sure of nothing else
All the world is tired to have been around
Cut the chord or bottom outX2
