

My Heart

K's Choice

Not so long ago
We both felt love became a word
No more than that
With sex that felt like wings without a bird
The only thing that we both love
Is in the cradle that we rock
Six hands, six feet but just one beat
The ticking of the clock
I always heard I could get hurt
I knew that from the start
Break my face, my back, my arms, my neck
But please, don't break my heart
Break my face, my back, my arms, my neck
But please, don't break my heart
Solid wood will rot
If you don't keep it from the rain
We were surprised when we found out
That love feels just like pain
I always heard I could get hurt
I knew that from the start
Break my face, my back, my arms, my neck
But please, don't break my heart
Break my face, my back, my arms, my neck
But please, don't break my heart
