

Disastrous

Glass Hands

We're coming back,
Coming back together, it seems
But that was the flame inside of me
"You've got to let it pass," they said
Well let me ask you this
Can you touch the fire without getting burned?
Can you act like these were words you've never heard? Now that it's gone, there is no distance
All I can contain
is the image of you
Oh, this is dangerous
This life won't make us
In all that we hope to be
We are disastrous, we are disastrous I'm so afraid you'll give in way before I'm ready to
So who am I supposed to be now?
If I could read the signs you're sending me
Then maybe my heart wouldn't be so God damn ugly And if I could see your face one more time
Then maybe my life wouldn't be so empty lately
Maybe I wouldn't be so desperately
Seeking for lines to cut out the times When I was mistaken
These hearts have been breaking
Again and again and again and again All I can contain is the image of you
Oh, this is dangerous
This life won't make us
In all that we hope to be
We are disastrous, we are disastrous All I can contain is the image of you
Oh, this is dangerous
This life won't make us
(We are disastrous, we are disastrous)
This life won't make us
All I can contain is the image of you
Again and again and again and again
In all that we hope to be
We are disastrous
