## Ultra Natë©

Where did we go wrong  
Where did we lose our faith  
My brother is in need  
But can he depend on me  
Do you think if one of you tried  
Maybe you could find  
A better friend than any other  
If you gave more than you took  
Life could be so good  
Come on and try  
Now's the time

[Chorus]

'Cause you're free  
To do what you want to do  
You've got to live your life  
Do what you want to do

Do what you want  
Do what you want to do

Are we all strangers  
Does anyone really care  
Deep down we're all the same  
Trying to hide our pain  
You think you can never trust another  
'Cause they're all out to get ya  
We have to live in this world together  
If we open up our hearts  
Love can finally start  
Come on and try  
Now's the time

[Chorus]

Bridge when you're down and you're  
Feeling bad  
Everybody has left you sad  
Feels like no one will pull you through  
It's your life whatcha gonna do

Make that change let's start today  
Get outta bed get on your way  
Don't be scared your dream's right there  
You want it reach for it

[Chorus]

Do what you want  
Do what you want to do
