

Stereotype

Dubconscious

Trap door in every step
Truth is I can't connect
Move along I work in stages
 Where you at
 It looks like cages
 See a little, see a lot
Come around see what you're not
 Up and down, but never out
 Last one here is left to shout
 You're just a stereo
 Stereo
 Stereo
 You're just a stereotype
 (you're just a stereotype)
 You're just a stereo
 Stereo
 Stereo
 You're just a stereotype
 (you're just a stereotype)
 Sometimes the worst is best
 Pick it up and beat the rest
 Dig deep to find every scrap
 Tragedy can make you laugh
 Sign up and sell your soul
 What's that
 It's rock and roll
 Don't get it, you never learn
 Where it's cold, it's where you burn
 You're just a stereo
 Stereo
 Stereo
 You're just a stereotype
 (you're just a stereotype)
 You're just a stereo
 Stereo
 Stereo
 You're just a stereotype
 (you're just a stereotype)
 You're just a stereo

You're just a stereo
You're just a stereotype
Oh yeah!
You're just a stereo
You're just a stereo
You're just a stereotype
Yeah, yeah, alright
Now gather round
Look what I found
For you to duplicate
It's easy now
To hear the sound
It's time to recreate
You're evil rebel tortured soul has been rejected
Now walk the line and act exactly as expected
Let's go!
You're just a stereo
Stereo
Stereo
You're just a stereotype
(you're just a stereotype)
You're just a stereo
Stereo
Stereo
You're just a stereotype
(you're just a stereotype)
You're just a stereo
You're just a stereo
You're just a stereotype
Oh yeah!
You're just a stereo
You're just a stereo
You're just a stereotype
[in reverse:] you're just a stereotype
