

# Your Name

## Meredith Brooks

You're everywhere I walk  
I don't remember if I smiled  
I don't think we talked  
But you always hung around a while And I don't know your name  
Yeah, I think that you were tall  
I don't remember if  
I was ever nice to you at all Suddenly you come undone  
You tell me I'm the only one  
You hold my head up with a gun  
And tell me that we are in love You touch me and you want the same  
I close my eyes and start to pray  
And tell you I will be the way  
You want, if you will only say your name You wrote me everyday  
I never knew that it was you  
I just threw it all away  
I didn't know what else to do Jesus told you to find me  
And never ever let me go  
And we would be so happy  
He promised you that I would know Suddenly you come undone  
You tell me I'm the only one  
You hold my head up with a gun  
And tell me that we are in love You touch me and you want the same  
I close my eyes and start to pray  
And tell you I will be the way you want  
If you will only say your name, your name I am so sorry, so sorry, oh  
I am so sorry, Jesus forgot to tell me I see that you are crying  
I know you only meant to be with me  
Or maybe I was hasty  
I should have listened more carefully Please tell me its not too late  
Your decision has been made  
Before you pull the trigger  
Please, won't you tell me your name? Oh, your name Suddenly you come undone  
You tell me I'm the only one  
You hold my head up with a gun  
And tell me that we are in love You touch me and you want the same  
I close my eyes and start to pray  
And tell you I will be the way  
You want, if you will only say your name
