

Stars in Your Eyes

Herbie Hancock

Looking at your sitting there
Yah mind a million miles away
Might as well be talking to the walls
Maybe they'll hear what i've got to say
It's the same old story
About somebody with a dream
Looking for the glory
No matter how far the future seems
(You've stars)
You've stars in your eyes
(in your eyes)
there's a whole world out there for you
(You've got stars)
you've got stars in your eyes
(in your eyes)
what you gonna do?
you've got stars in your eyes
there's a whole world out there for you
yeah baby
(Instrumental)
So much inside you can't hold it all in
You've got to express your feelings
Maybe one day the whole world will know
Put a sail on your dreams and go sailing
It's the same old story
about somebody with a dream
looking for the glory
no matter how far the future seems
(You've stars)
You've stars in your eyes
(in your eyes)
there's a whole world out there for you
(You've got stars)
you've got stars in your eyes
(in your eyes)
Lord what you gonna do what are you gonna do?
You've got stars in your eyes
there's a whole world out there for you
Oooooooh yayhhhhh

(instrumental)
Stars
ohhhh
can't you see yeah
that you're so much apart of me
I could never ever
leave you round
with my arms wide open
i wanna i wanna i wanna make you strong
baby
I'll give you all I've got to give
if you just open up your heart
and live
Chorus
(You've stars)
You've stars in your eyes
(in your eyes)
there's a whole world out there for you
(You've got stars)
you've got stars in your eyes
(in your eyes)
what you gonna do?
(You've stars)
You've stars in your eyes
(in your eyes)
And the whole world's waiting for you
(stars)
love
(In your eyes)
stars in your eyes
(stars)
stars, at night
(in your eyes)
stars in your eyes
(stars)
