

# Four Kicks (Live)

## Kings of Leon

Huff men don't take no nonsense  
He's here to rectify  
He's got his black belt buckle  
And the red mans fire in his eyes

You with your switchblade posse  
I'll get my guns from the south  
We'll take to the yard like a cock fight  
Four kicks, who's struttin now?

This party's overrated  
But there ain't shit else to do  
She's a lovin on the boy from the city  
I'll be lovin him under my shoe..
