

Like It Like That

The Blackout Allstars

I'll ride a fucking pogo stick all over your face
With Shaggy on my shoulders adding to the weight
We like it like that, fuck you
We like it like that, so fuck y'all
We love all hoes, skinny old hoes
Big balled hoes, we dig all those
We like it like that, fuck you
We like it like that, so fuck y'all
We slap rappers in the head with the mic during freestyle wars
And get thrown out the doors
Dynamite
We rock our own wear and if we don't care
About what the fuck is going on out there
We like it like that, fuck you
We like it like that, so fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
When the streets go quiet it means something's wrong
I'm standing on a corner sippin' on something strong
We like it like that, fuck you
We like it like that, so fuck y'all
Channel 719 hit us with the high beam
Wicked Clown's choppin' 'em down live on the scene
We like it like that, fuck you
We like it like that, so fuck y'all
Sometimes my dome feels like a cherry bomb
I gotta pound his fucking head with a hammer to keep him calm
Get him
We so deep underground, the devil came around
But got his tail chopped off by Shaggy the Clown
We like it like that, fuck you
We like it like that, so fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
We livin' in a fun house, walkin' through mirrors and walls
The floor spins and it rains in the halls
We like it like that, fuck you
We like it like that, so fuck y'all
Many hate us but we the greatest

Y'all just keep talkin, elevate us
We like it like that, fuck you
We like it like that, so fuck y'all
We human cannonballs flyin' with no necks
Into brick walls scarier the show gets
We throw our punches, hittin' faces like freight trains
Guaranteed to put shit in your hanes
We like it like that, fuck you
We like it like that, so fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
(Say fuck y'all)
Fuck y'all
(Fuck you)
Man, fuck you bitches
(Fuck y'all)
Fuck y'all
(Fuck you)
What you gonna do, bitch
(Fuck y'all)
I say fuck y'all
(Fuck you)
Man, fuck all you hoes
(Fuck y'all)
