

# Do It

## Nelly Furtado

You're standing at the door, I'm falling to the floor

You look even better than you did before

I'm staring at my feet, wondering if I can do this

It's been a while but I couldn't forget you

Just a little look has got me feeling things

Just a little touch has got me seeing things

Just a little taste has got me off the chains

Doing things that I don't want to

Do it like you do it to me

(I'm burning up)

Do it like you do it to me

(It's not enough)

Do it like you do it to me

(Just open up)

Don't you know how much I want you

We're sitting real close and I can feel your breath

I wanna touch your hand but I lay back

'Cuz you know this thing could spiral in the night

I've changed my mind, I'm ready for you this time

Just a little look has got me feeling things

Just a little touch has got me seeing things

Just a little taste has got me off the chains

Doing things that I don't want to

Do it like you do it to me

(I'm burning up)

Do it like you do it to me

(It's not enough)

Do it like you do it to me

(Just open up)

Don't you know how much I want you

Do it like you do it to me

(I'm burning up)

Do it like you do it to me

(It's not enough)

Do it like you do it to me

(Just open up)

Don't you know how much I want you

We're sitting real close, I can feel your breath

I wanna touch your hand but I lay back, yeah, yeah, yeah  
We're sitting real close, I can feel your breath  
I wanna touch your hand, I cannot fight it off  
D-d-do it, do it  
Do it like you do it to me  
(I'm burning up)  
Do it like you do it to me  
(It's not enough)  
Do it like you do it to me  
(Just open up)  
Don't you know how much I want you  
Do it like you do it to me  
(I'm burning up)  
Do it like you do it to me  
(It's not enough)  
Do it like you do it to me  
(Just open up)  
Don't you know how much I want you  
Yeah, yeah, yeah
