Roulette

Bruce Springsteen

We left the toys out in the yard
I took my wife and kids and left my home unguarded
We packed what we could into the car
No one here knows how it started
But suddenly everything was just so out of control
Now I want some answers, mister, I need to know
I hear all the talk but I don't know what you're sayin'

But I think I got a good idea of the game that you're playin'Roulette, that's the name now

Roulette, that's the game now

Roulette, I don't believe what they're sayin'

Roulette, and everybody's playin'I grew up here on this street where nothin' moves, just a strange breeze

In a town full of worthless memories there's a shadow in my backyard

I've got a house full of things that I can't touch
Well all those things they won't do me much good now
I was a fireman out at riker's, I did my job
Mister, I've been cheated, I feel like I've been robbed

I'm the big expendable, my life's just canceled, null and void But what are you gonna do about your new boyRoulette, you're playin' with my life

Roulette, with my kids and my wife

Roulette, every day the stakes get bigger

Roulette, a different finger on the triggerDown by the river that talks the night speaks in searchlights

And shortwave radio squawk, the police patrol the streets

But I've left behind the man I used to be, everything he believed in and all that belonged to me I tried to find my way out to somewhere where I thought it'd be safe

They stopped me at the roadblock they put up on the interstate

They put me in detention but I broke loose and then I ran

They said they want to ask me a few questions but I think they had other plans

Now I don't know who to trust and I don't know what I can believe

They say they want to help me but with the stuff they keep on sayin'

I think those guys just wanna keep on playin'Roulette, with my life

Roulette, with my kids and my wife
Roulette, the bullet's in the chamber
Roulette, who's the unlucky stranger
Roulette, surprise, you're dead
Roulette, the gun's to your head
Roulette, the bullet's spinning in the chamber
Roulette, pull the trigger, feel the click

No further danger
