

My Main (feat. Ty Dolla \$ign)

Mila J

Dat my, ungh,

Dat my, ungh

Dat my, ungh

(Mustard on the beat ho) This girl that I came here with, dat my main

The one that's sharing these drinks, dat my main

The one celebrating her birthday, dat my main

Yeah that's my number 1 chick, dat my main

The one that always had my back, dat my main

When me and my bae broke up, dat my main

She beat a chick up on sight, dat my main

And don't let her get turnt up, dat my main She my hitter for a reason, oh oh oh

I can tell her all my secrets, oh oh oh

'Cause I know that she gone keep 'em, oh oh oh

Can't nothing come between us, oh oh oh Dat my main one, dat my main one

Yeah she up in here with me right now

I said dat my main one, dat my main one

Yeah she know that she's my ride or die (say what)

So all you haters you can try tonight

'Cause I'm down for whatever when she's by my side

Dat my main one, dat my main one

And we always be down for life One of the baddest chicks in this club, dat my main

One of the only girls that I love, dat my main

Been down with her since day one, dat my main

Can't nobody break this up, dat my main

We'll never fight over dem boys, dat my main

We be playing with these dudes like toys, dat my main

Vacate with me in Miami, dat my main

Front row with me at the Grammy's, dat my main She my hitter for a reason, oh oh oh

I can tell her all my secrets, oh oh oh

'Cause I know that she gone keep 'em, oh oh oh

Can't nothing come between us, oh oh oh Dat my main one, dat my main one

Yeah she up in here with me right now

I said dat my main one, dat my main one

Yeah she know that she's my ride or die (say what)

So all you haters you can try tonight

'Cause I'm down for whatever when she's by my side

Dat my main one, dat my main one

And we always be down for life Oh, that's my main

Caught a nigga cheating and she stayed

Yeah yeah say she love me always
I fuck with my bitch the long way, oh
Through the ups and the downs, unconditional
I eat it in the morning like cereal
Here we go, here we go, we ain't done yet
When she call me "big daddy", I love that
That my main, that's the one I curve all these hoes for
Got my name tatted on her body like a cholo
Ten toes down for a nigga, she a rida
Head game crazy and that pussy fire
She get her own money and she ballin' (she ballin')
She answer when a real nigga callin' (when I'm callin')
Yeah, that's my main thing (main thing)
Everywhere we on the same thing, usWho's always there when I call
And even when I fall
(Yeah if your main in here right now)
(I wanna see you point her out)
Who been with me since day one
Won't turn on me for anyone
(Yeah if your main in here right now)
(I wanna see you point her out)Dat my main one, dat my main one
Yeah she up in here with me right now
I said dat my main one, dat my main one
Yeah she know that she's my ride or die
So all you haters lookin' you can try tonight
'Cause I'm down for whatever when she by my side
Dat my main one, dat my main one
And we always be down for life (dat my main one yeah yeah)
