Love actually

love actually

Storms are coming.
Rain is pouring.
Clouds are rolling, hanging over me.
Feels like I don't know anything.
I'm a loser in a losing game.
Trampled over.
Same old movie scene.
Why's it always happening to me?
I'm patching up my heart again every time it explodes.
Don't tell me that I've gone insane, I know.
Cause every single day is like woah.
Wondering if you'll ever come back to me.
so what we did everything wrong?
You know that it was really love actually.
So Can I get some sympathy? Woah.
Cause losing you is making a mess of me.
So what if you ended up gone?
You know that it was really love actually.
Love actually.
I'm being hunted.
Running from it.
Love's a bullet piercing into me, but I'm never giving in.
Like a lover,
I just take the pain.
Should be screaming.

Can you hear your name?
Is anybody listening?
Cause every single day is like woah.
Wondering if you'll ever come back to me.
So we did everything wrong
You know that it was really love actually.
so Can I get some sympathy? Woah.
Cause losing you is making a mess of me.
So what if you ended up gone?
You know that it was really love actually.
Love actually.
la-ha-ha-ove love actually
la-ha-ha-ove love actually

I'm patching up my heart again every time it explodes.
And even though you try to save me, all I know is this.
Oh, I got too much love to give.
Cause every single day is like woah.
Wondering if you'll ever come back to me.
so we did everything wrong.
You know that it was really love actually
You know that it was love actually.
Cause losing you is making a mess of me.
So what if you ended up gone?
You know that it was really love actually.
love actually
