Deathamphetamine

Exodus

Life spent with lips on glass
Another hit, just one more blast
How long can you make it last?
Hit the pipe and vaporizeFeel the rush, so energized
Your lungs begin to crystallize
Try to stem the tide
From another five day rideDon't you know, youre dead inside?
The world spins out of control
All amped up, no where to go
A glass house is all you knowPoison cloud hangs in the air
Breathe it deep, your only care
It's a nightmare, not a dream
Deathamphetamine?Spun and sleep deprived
The calendar burns before your eyes
Another hit, for now revived
So many sleepless nightsOnly wet your appetite
Strike a match, the torch ignites
See the shards start cracking back
Watch them turn your world to blackWhile waiting for the heart attack
All your dreams are dead and gone
I tell you now, it wont be long
Before death ends the marathonPoison cloud hangs in the air
Breathe it deep, your only care
It's a nightmare, not a dream
Deathamphetamine?Withered and sucked up
Youre wasting away
Eyes sunken deep in your skull
You care not about yourselfNor any other
Only if the pipe is full
Lick your lips
As you hover around the glassAnxiously awaiting your turn
Depressed and paranoid
Its all gone to hell
Inhale as your world burnsLost everything you own
Now waiting by the telephone
For the dope man to come home
All your friends and familyAge sickened by your need for speed
Only driven to exceed
So many years, so little time

For you to halt your lifes declineYouve got to read the signs
Everything has come unwound
Youve got to turn this shit around
Before you're six feet undergroundPoison cloud hangs in the air
Breathe it deep, your only care
It's a nightmare, not a dream
Deathamphetamine?
