

Driving Nowhere

Helmet

Confront the daily setbacks
All the lows and highs
With anesthetic means I'm fit to socialize I'm driving nowhere fast
Accelerate to pass
Now I've got time to kill at last Bombin' hometowns
I can watch it free from harm
United Arab Emirates still keep the gas in my car I'm driving nowhere fast
Accelerate to pass
Now I've got time to kill at last Keep the gas in my car, let me go far
I'm driving nowhere fast, accelerate to pass
Now I've got time to kill at last
