

# Come See About Me

## Nicki Minaj

Come, come see what I've been up to  
Come, come see about me  
I know you've had a lot of work to do  
Oooh, you got used to things without me baby  
Yeah, you got used to every thing I never did  
You got sick of being sick of all my flaws  
You got over all the pain I ever caused  
And I didn't mean it, no, oooh, butThey say it's all what you make it  
Maybe it's all in the making  
Love's always love, you can't fake it  
So please don't try to deny me of it, no  
You know my heart couldn't take it  
Maybe it's all in the making  
Love's always love you can't fake it  
See baby, oooh you know I need you  
Come, come see about me  
Come, come see about me  
Know it can't always be about me  
Just come, come see about me  
Come, come see about me  
I'm doing good boy  
I'm opening the limelight  
You know I'm still trying to find it in the limelight  
So come, come see about me  
Come, come see about me  
Come, come, come see about me  
It won't hurt just to see what we could be  
So come see about me  
Yeah  
Want you to see how much I changed up  
Oh, I just hope I'm not too late  
I know your hesitant about it but  
I got a lot I wanna say to you  
Hate that I could never measure up  
Hate that I could never be the one you needed  
'Cause now I'm the one who needs you  
But babyThey say it's all what you make it  
Maybe it's all in the making  
Love's always love, you can't fake it

So please don't try to deny me of that, no  
You know my heart couldn't take it  
Maybe it's all in the making  
Love's always love, you can't fake it  
See baby, oooh you know I need you too  
Come, come see about me  
Come, come see about me  
Know it can't always be about me  
Just come, come see about me  
Come, come see about me  
I'm doing good boy  
I'm opening the limelight  
You know I'm still trying to find it in the limelight  
So come, come see about me  
Come, come see about me  
Come, come see about me  
It won't hurt just to see what we could be  
So come see about me, yeah  
About me, about me, about me, about me, about me  
About me, about me, about me, about me  
About me, about meCome, come see about me (come see)  
Come, come see about me (beggin you)  
Know it can't always be about me (come see about me)  
Just come, come see about me (come see about me)  
Come, come see about me (come see about me)  
I'm doing good boy (come see about me)  
I'm opening the limelight (come see about me)  
You know I'm still trying to find it  
in the limelight (come see about me)  
So come, come see about me (oh-oh-oh)  
Come, come see about me (ah-ah-ah)  
Come, come, come see about me (oh-oh-oh)  
Won't hurt just to see what we could be (ooh, yeah, yeah)  
So come see about me  
YeahOh, oh, oh
