Goose Snow Cone

Aimee Mann

Lookin' into the face of the goose snow cone
Should be shaking it loose but you do it alone
Every look is a truce and it's written in stoneGotta keep it together when your friends come by
Always checking the weather but they wanna know why
Even birds of a feather find it hard to flyThought I saw at my feet an origami crow
It was only the street hidden under the snow
Always snatching defeat, it's the devil I knowGotta keep it together when your friends come by
Always checking the weather but they wanna know why
Even birds of a feather find it hard to flyLookin' into the face of the goose snow cone
I could pick up the pace but I couldn't go on
I just wanted a place but I ended up goneGotta keep it together when your friends come by
Always checking the weather but they wanna know why
Even birds of a feather find it hard to flyLookin' into the face of the goose snow cone
