

# Styrofoam Boots/ It's All Nice On Ice, Alright

## Modest Mouse

Well, all's not well but I'm told that it'll all be quite nice  
You'll be drowned in boots like mafia  
But your feet will still float like Christ's  
Well, I'll be damned, they were right I'm drownin' upside down, my feet afloat like Christ's  
I'm in heaven, tryin' to figure out which stack  
They're gonna stuff us atheists into  
When Peter and his monkey laugh  
And I laugh with them, I'm not sure what at They point and say, we'll keep you in the back  
Polishing halos, baking manna and gas Well, some guy comes in lookin' a bit like everyone I ever seen  
He moves just like Crisco, disco, breath 100% Listerine  
He says lookin' at somethin' else, but directin' everythin' to me Any time anyone gets on their knees to pray  
Well, it makes my telephone ring, and I'll be damned  
He said you were right, no one's running this whole thing  
He had a theory too He said that, "God takes care of himself  
God takes care of himself, and you of you"  
He said that, "God takes care of himself  
God takes care of himself, and you of you"  
He said that, "God takes care of himself  
God takes care of himself, and you of you" Nice, it's all nice, it's all nice on ice, alright  
It's all nice, it's all nice, it's all nice on ice, alright  
All nice, all nice  
It's all nice, it's all nice, it's all nice on ice, alright  
I said, "It's all nice, it's all nice, it's all nice on ice, alright" It ain't not day and it ain't night  
It's all nice on ice, alright, alright, alright  
It's all nice, it's all nice, it's all nice on ice, alright  
It's all nice, it's all nice, it's all nice on ice, alright It's all nice, it's all nice, it's all nice, it's all nice  
It's all nice, it's all nice, it's all nice on ice, alright  
It's all nice on ice, alright, all nice  
It's all nice on ice, alright, it's all nice on ice, alright It's all nice, it's all nice, it's all nice on ice, alright  
Well, it's all nice, it's all nice, it's all nice on ice, alright  
Oh tell you what, it's all nice, it's all nice, it's all nice on ice, alright  
It's all nice, it's all nice, it's all nice on ice, alright  
It's all nice, it's all nice, 1 2 3 4
