

You Make Me A Better Man

Five

There's something bout your eyes
That makes me search my soul
They make me try to realize
I'm trying to be a better man You got to know what's on my mind
I will give you all my time
Oh I feel for you baby, Yes I do
All I want is you And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time And when I search my soul I find
You make me want to be yeah
A better man I've never felt so in love
The way I feel
When you touch
Although it doesn't sound that much
All I have to do is look in your eyes You gotta know what's on my mind
I will give you all my time
I feel for you baby, yes I do
All I want is you And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
You make me want to be, yeah
A better man,
Alright I want to take you higher
I want to reach for the sky
I want to show you fire
I'll never tell you goodbye
I'll never tell you goodbye
You're on my mind And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time And when I search my soul I find

A better place
To be around
I'm trying to tell you what's on my mind
You make me want to be, yeah
A better man.
