

# Listen

## Miramichi

Listen in the places you hide  
Listen through the stillness inside  
    Yeah, yeah, yeah listen  
    To the words that are near  
        And try to hear  
    Listen take one less step away  
    Please listen love may persuade you to stay  
        Yeah, yeah, yeah baby listen  
        Past the sound of your fear  
            And try to hear  
    Two hearts that doubted now beg to believe  
        Aching in silence each whispers a plea  
        Secrets of longing kept buried away  
    Sadly their calling grows weaker each day, yeah  
    Please listen for hope that's been left behind  
        Listen to the small traces you find  
        Yeah, yeah, baby please listen  
        Before this chance disappears  
  
        And try to hear  
    Listen in the places you hide  
    Yeah, listen through the stillness inside  
        Please, please, baby listen  
        For the love that is near  
            And try to hear  
    Listen take one less step away  
        Yeah, yeah, yeah, listen  
        Don't run so far off today  
        Please, please, baby listen  
        Push aside all your fears  
            And try to hear  
                Yeah, listen  
            Listen, please, baby listen  
        Yeah, yeah, yeah, baby listen  
        Past the sound of all fears  
            And try to hear
