I miss you

The Quakes

I see your face in such a lonely place but youre a million miles away.
Ive got your photograph and youve got mine
We said we'd meet again someday.
I wont forget you and I wont let you fade away.
I'll run beside you. I may decide to stay.
What place and forces in the universe are responsible for this?
I was rejected, when we connected, and you sealed it with your kiss.
I wont defy you. Ill be right by you all the way.
Sometimes its hard to find the words, the words to say.I miss you, I miss you more and more each day.
I miss you, I miss you more than I can say.I see your face in such a lonely place but youre a million miles away.
Ive got you photograph and youve got mine
We said wed meet again someday.
I wont forget you and I wont let you fade away.
I'll run beside you. I may decide to stay. Okay.Our friends think were crazy, we live so far away
but baby dont you listen dont you listen to what they sayI miss you, I miss you more and more each day.
I miss you, I miss you more than I can say.I miss you, I miss you more and more each day.
I miss you, I miss you more than I can say. Okay
