

The Way It Is

Sacred Reich

We knew your reputation
We thought that things could be different
You just proved us wrong
And now you're up to your same old tricks I guess we learned a lesson
That people don't change overnight
Things will work out well
With a little hard work, it'll be alright How could we be so foolish
To rush head first, without a thought
Guess it goes to show
If you're unprepared you will get caught But now we've learned a lesson
A lesson which we won't forget
With our newfound wisdom
Things will work out in the end This is the way it is
Not how things should be
This is the way it is
This is reality This is the way it is
Not how things should be
This is the way it is
This is reality You seemed so sincere
We'd work together, it'd be lot's of fun
But all you saw was money
It's not the issue 'til the music's done To you it's doing business
To us it's doing what we love
We'll just do our thing
We won't give in for a buck This is the way it is
Not how things should be
This is the way it is
This is reality This is the way it is
Not how things should be
This is the way it is
This is reality Like a soul attaining heaven
We must ascend to greater heights
Got to make a change
Got to make a change, the time is right Now I wish you well
And thank you for what you've done for me
To quote you Mr. Businessman
There's things in life that aren't free This is the way it is
Not how things should be
This is the way it is

This is reality This is the way it is
Not how things should be
This is the way it is
This is reality
